PROFILE INFO

I am a passionate web designer and computer science student at KNUST, specializing in front-end and back-end development.

With a strong foundation in web design and game development, I strive to create innovative digital solutions and continuously expand my skills in software engineering.

EXPERIENCE

FREELANCE WEB DEVELOPER

2023

- While at college, I developed web and game projects, focusing on responsive design, coding, and delivering user-friendly experiences for clients.

KNUST COMPUTER SCIENCE DEGREE

2022-2026

- I was admitted to KNUST, one of Africa's top colleges, to pursue a BSc in Computer Science.

OPOKU WARE SCHOOL STUDENT

2019-2022

- I enrolled in the Opoku Ware School (OWASS), a prestigious institution, where I excelled academically and developed a strong technological foundation.
